WE 'R' THE VILLAGE CHORALE

Now beginning our forty-first year and with last year's attendance increase from seventy one to eighty eight voices the Village Chorale claims the distinction of being the premier vocal organization in The Village! Last year's Winter "Together for the Holidays" concert was a sellout and rave notices proclaimed it as the "best." Our Memorial Weekend Concert "Celebrate America" was equally well received. And now, as the fall kickoff rehearsal is set for August 26th the establishment of a "Waiting List" is actually on the horizon.

Formally, we are a class, taught weekly on Tuesday afternoons by H. Douglas Custance of the Saddleback College Emeritus Program. Informally, we are a club, with a board and a full yearly schedule of activities. Club members are all Laguna Woods residents but we welcome Guests from the surrounding area who want to experience the best of four part choral singing while developing ensemble sounds through correct singing and correct vocal production.

With the careful artistry of accompanist/performer Juanita Tsu assisting at the keyboard the climax of each semester's work is our ticketed concert - on stage in the Clubhouse 3 Auditorium. Our concerts include choral literature of varying demands, styles, and periods. We sing music of the masters and music of the theatre, and music of the movies. We sing music loved by country stars and rock stars and we sing music loved by Christians, Jews, and Kwanzaa. Our concert audiences have an appetite for the sparkle, the blend, and the sweep of sights and sounds by which they become enveloped.

A few long term Villagers may remember when small groups of Village vocalists gathered informally - as early as 1965. By 1967 the singers were a fully formed Chorale, finding a permanent home in Clubhouse 3 when the doors opened in 1971.

Please! Don't confuse *corralin'* of The Village Chorale with what goes on at the stables! We are vocalists, not equestrians! But some might say *corralin'* is a really good word for keeping ninety to one hundred members in the right place at the right time; in the correct attire; music in hand, head, and heart; ready for listening and learning, for having fun, for eating, and for performing! Hence our monthly newsletter "Corralin' the Chorale." This issue is specially prepared for the Public. If you have ever sung in a four part choir or ensemble you are encouraged to sign up for this Emeritus Institute Class Number MUS 290X taught by Doug Custance. If you are music loving, anything-upwards-of-moderately-hard working, and fun loving you'll fit right in!
