Concert Week News and Reminders

Saturday is the Big Day! All the hard work (and fun) of the past weeks is about to pay off in another great concert experience. Once again, Doug and Juanita have done a stellar job of preparing us. Now it's our time to shine!

To make the most of our special event, a few reminders are in order.

- Concert Dress, per the group photo.
- Please do not use cologne, perfume, etc.
- Please return your music immediately following the concert. Boxes will be placed off-stage for this purpose.
- Have your music in order (see back for concert order)

More Messiah

Kay Jones writes:

"While living in Paris and teaching at the Department of Defense Elementary School I was a member of the American Church Choir, which joins several other choirs for a performance of the Messiah. My principal granted me leave to attend the morning rehearsal. I told my class I had an important engagement. A month later at our class Christmas party, my room mother congratulated me because her son had told her that Miss Jones was engaged!"

Looking Ahead: Registration and first day of rehearsal for the spring semester will begin Tuesday, January 12 at 1:30 pm in Clubhouse 3. To speed the process, you can pre-register with the Saddleback College Emeritus program by phone or on-line. We hope to see and hear all of you, along with some new faces and voices, as we continue the tradition of great choral music in this, our 42nd year.

Coming Up
