OFFICIAL NEWSLETTER of the VILLAGE CHORALE of LAGUNA WOODS

Vol 3 No 1 September 29, 2009

It's About Time!

OK, so this is a little late and pretty short, but who's counting? Carol tells me that the Newsletter was a special interest of hers, which explains why it was published so often and so well. I'm a numbers guy, so with me the Newsletter will likely be more of an occasional piece, to be savored like a fine, but rare, wine.

That said, welcome to the first edition of the Fall 2009 Village Chorale Newsletter. As you already know, we have some fine new singers in the chorus, a wonderful program of Holiday music, and of course the excellent musical direction of Doug and Juanita. Our small Bach group is back and another Messiah sing-a-long is scheduled, so our special events are totally baroque.

We could use a little help with the upcoming Holiday Concert ticket campaign and the Potluck Dinner, so if you'd like to contribute, please let me know. And anyone who likes to write is welcome, and encouraged, to donate their thoughts to future editions of this publication.

Q: Why do we put candles on top of a birthday cake?

A: Because it's too hard to put them on the bottom!

If your name is missing it's probably because we don't have a biography for you. You can fix this, or otherwise update us, by submitting a new bio from your registration packet.

Don't forget: your most important contribution to the Chorale is your attendance at rehearsals.
